

PENDULUM COW BRUSH

The AgriCow Pendulum Cow Brush 4.0 is unique from any other featuring a one metre long brush head contoured specifically for the maximum amount of contact with the cow. The motor being 50% stronger and the brush head almost twice as long as any other on the market means your cows get more brush for your money, leaving your cows in top condition everyday of the week.

Benefits:

Studies on the use of this specific cow brush by Agri Cow, on commercial dairy farms in Europe have proven this cow brush fulfills the inquisitive and social requirements of cattle, with scratching stimulating circulation, and increasing animal health and welfare. This in turn generated an average milk increase across the herd of 1kg per day.

Features:

- Delivered pre-assembled
- Easy to clean with pressure washers
- Remove parasites and old hair
- Easy to install on the wall or post
- Low power consumption
- Serves 50 to 60 cows
- Suitable for beef and dairy
- Available in a range of colours

Technical Specification:

- Dimension: 50x100cm
- Weight: 87 Kg
- Power: 0.5Cv
- Motor: 220volt – 50/60hz • 110volt – 50/60hz
- POWER CONSUMPTION: 0.55 Kw

Install Recommendation:

- Mounting the brush above this level reduces the efficiency of the brush as it sits above the animals back preventing them from enjoying the brush over their body.
- The brush runs on a 13 amp motor
- The brush is mounted on a swivel bracket
- The heavy duty bracket is supplied with a
- Galvanised brackets

Proven to increase finishing cattle daily liveweight gains in independent trials completed by South West College Omagh & Foyle Food Group
